> Fourth Gift Concert. A Card to the Public.

POSTFONEMENT.

A Card to the Public.

The Trustee of the Public Library of Kentucky and the management of the thirt Concert announce the postnonement of the Fourth Gift Concert until Tuesday, the sist of March next.

The public will readily understand the causes which have made this postponement necessary.

The financial panie, which has for the last twe months paratyzed the business of every section of this country and of Europe, has prevented thousands from investing in tickets. The epidemies pervading almost the entire South have cut off a large and available market. Ani, too, the public, judging from the effects of these causes, have expected a postponement, and have declined to invest without a more positive assurance of the drawing taking place on a fixed day.

All interested desire a full drawing, but for the reasons just stated this could not be had on the 3d of December, but the short postpodement now announced will secure it.

The management have met with unprecedented sucour it.

The management have met with unprecedented success. The sales of tickets, the proceeds of which have already been received, amount to over a million dollars, with a number of agencies in this country yet to hear from, and all those in Europe.

Thus a drawing (scaling the gifts one-half could be had now, but the management deem it best to have a postponement and a full drawing.

This postponement assures the sale of all the tickets and a luif drawing. That this determination will meet with the approbation of nearly every one interested is made apparent by the very numerous letters received from every section of this country and the Canadas asking for a postponement. from every section of this country and the Canadas aring for a postponement.

This action of the management will work no detriment to any, but will be for the good of all. By it the fortunate toket holders will receive their gifts in full, while it will not affect those who do not draw gifts.

In making this announcement the management emphatically state that there shall be no further postponement, and to this end all agents will be imperatively required to close up and transmit their accounts to this office by the 21st of March.
